Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 1, and 4 are allowed. The prior art discloses a method and system for having a first multiplexer/demultiplexer and a second multiplexer/demultiplexer in conjunction with a smoothing buffer. The smoothing buffer, operable of receiving packets from one or more transport buffers at a predetermined rate before forwarding to the second mux/demux.

Art Unit: 2664

The prior art however, fails to disclose, teach or suggest the second demultiplexer, demultiplexing asynchronous data units "separate" from synchronized data units within the packets from the smoothing buffer into two separate data buffers.
